Moonlight Villa is a stunningly designed Bali rental villa overlooking the Indian Ocean at Uluwatu on the southwest tip of the Bukit Peninsula. Perched above a steep sided river gorge, and featuring an abundance of glass walls and windows to maximise the spectacular 360 degree view of forest, the sea and — on a clear day — the mountains, this multi levelled property is just a few minutes' walk from some of the best beaches on the island. Accommodation and facilities include four air-conditioned bedrooms, complete with glamorous en-suite bathrooms, an open plan living and dining area incorporating a fully equipped feature kitchen, and an upstairs sitting room, which offers the choice of open air living or air-

conditioned comfort. There is also a rooftop terrace and an entertainment terrace, as well as a very spacious poolside lounge and bar. The 15 x 3 metre, elbow-shaped swimming pool is positioned on the lowest level and flanked by a sundeck furnished with classy sunloungers and umbrellas. The shallow end of the pool is perfect for young kids as they can safely play here. Next to this is a flat lawn ideal for parties and small weddings with up to 50 guests. Each bedroom is equipped with audio and visual facilities, and each is flanked by a private balcony or terrace. Immaculate attention has been paid to the interiors with rich fabrics and high quality furnishings. The upstairs sitting room is equipped with a 42" TV/DVD player and surround sound, while a shallow, clear water pond on a lower level presents a unique alfresco dining experience.
